

How to Install MySQL workbench (for Windows)

Step 1:

Click on this link to install. Start downloading the first one

Link: <https://dev.mysql.com/downloads/installer/>

The screenshot shows the MySQL Community Downloads page for the MySQL Installer. The page has a dark green header with the URL "dev.mysql.com/downloads/installer/". Below the header, the page title is "MySQL Community Downloads" with a sub-link "MySQL Installer". There are three tabs: "General Availability (GA) Releases" (selected), "Archives", and a download icon. The main content area is titled "MySQL Installer 8.0.36". A note states: "Note: MySQL 8.0 is the final series with MySQL Installer. As of MySQL 8.1, use a MySQL product's MSI or Zip archive for installation. MySQL Server 8.1 and higher also bundle MySQL Configurator, a tool that helps configure MySQL Server." Below the note, there are two dropdown menus: "Select Version:" with "8.0.36" selected, and "Select Operating System:" with "Microsoft Windows" selected. A table lists two download options for Windows (x86, 32-bit), MSI Installer. The first option is "mysql-installer-web-community-8.0.36.0.msi" (2.1 M) with a "Download" button and MD5 checksum "81061532541f716cf6c6e2c4881a154c". The second option is "mysql-installer-community-8.0.36.0.msi" (285.3M) with a "Download" button and MD5 checksum "d63232c190d0c9c294a2f8d776ed1c20". A final note at the bottom suggests using MD5 checksums and GnuPG signatures to verify the integrity of the packages.

dev.mysql.com/downloads/installer/

MySQL Community Downloads

MySQL Installer

General Availability (GA) Releases Archives

MySQL Installer 8.0.36

Note: MySQL 8.0 is the final series with MySQL Installer. As of MySQL 8.1, use a MySQL product's MSI or Zip archive for installation. MySQL Server 8.1 and higher also bundle MySQL Configurator, a tool that helps configure MySQL Server.

Select Version:
8.0.36

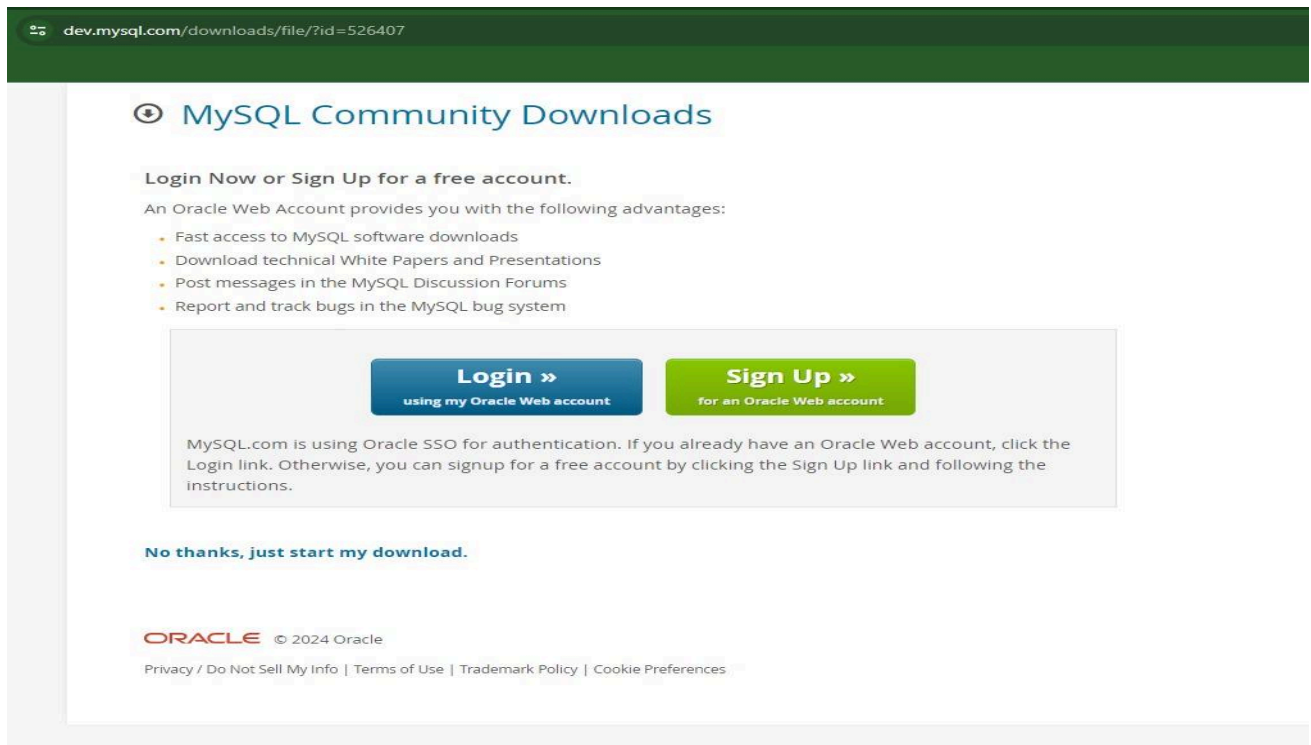

Select Operating System:
Microsoft Windows

Windows (x86, 32-bit), MSI Installer (mysql-installer-web-community-8.0.36.0.msi)	8.0.36	2.1 M	Download
Windows (x86, 32-bit), MSI Installer (mysql-installer-community-8.0.36.0.msi)	8.0.36	285.3M	Download

We suggest that you use the MD5 checksums and GnuPG signatures to verify the integrity of the packages you download.

Step 2:

Here you have to click on “No thanks, just start my download”

The screenshot shows the MySQL Community Downloads page. At the top, there is a dark green header with the URL `dev.mysql.com/downloads/file/?id=526407`. Below the header, the page title is "MySQL Community Downloads". A prompt asks the user to "Login Now or Sign Up for a free account." and lists the advantages of an Oracle Web Account: fast access to MySQL software downloads, downloading technical white papers and presentations, posting messages in the MySQL Discussion Forums, and reporting and tracking bugs in the MySQL bug system. There are two buttons: a blue "Login »" button for users with an Oracle Web account and a green "Sign Up »" button for new users. Below the buttons, a note states that MySQL.com uses Oracle SSO for authentication and provides instructions for both login and sign-up. At the bottom, there is a link for "No thanks, just start my download." and the Oracle logo with copyright information for 2024. Footer links include Privacy, Do Not Sell My Info, Terms of Use, Trademark Policy, and Cookie Preferences.

Step 3:

Go to your downloads folder, From there click on this setup

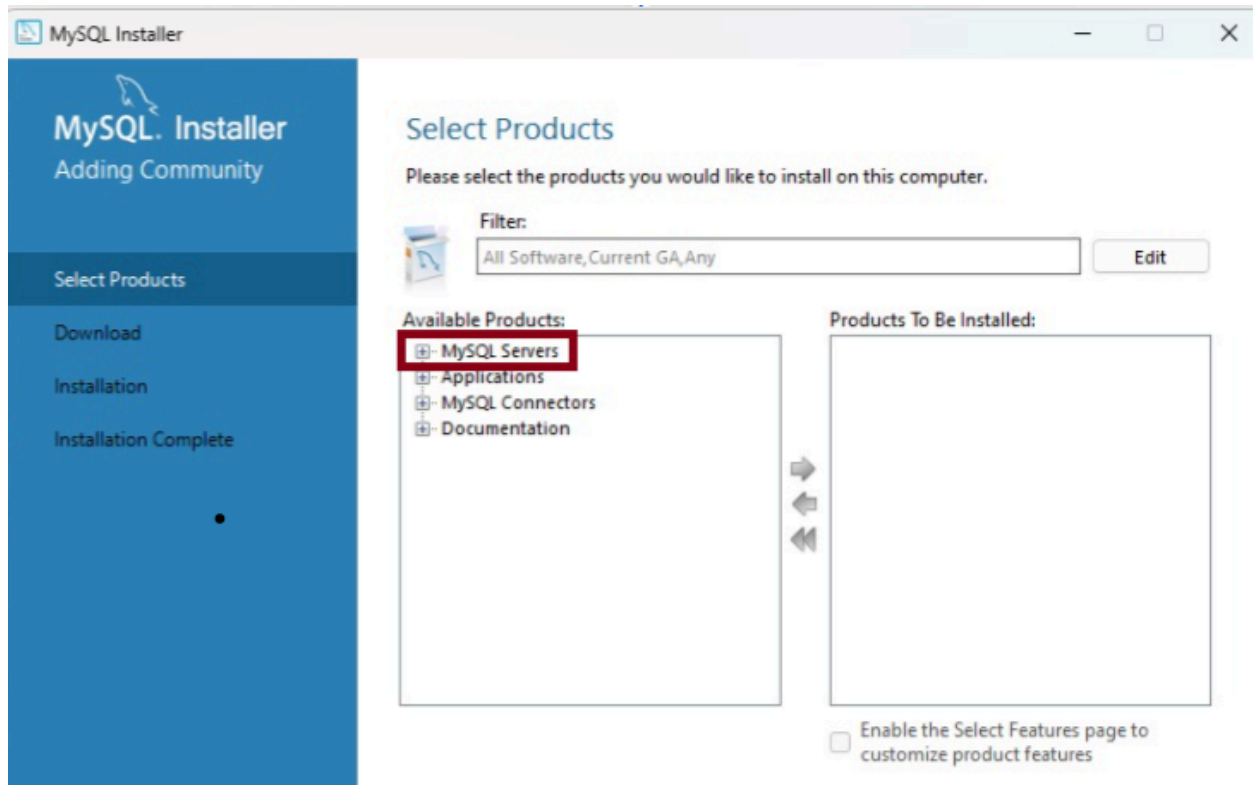

Step 4:

Here, you have to choose “Custom” and then click next.

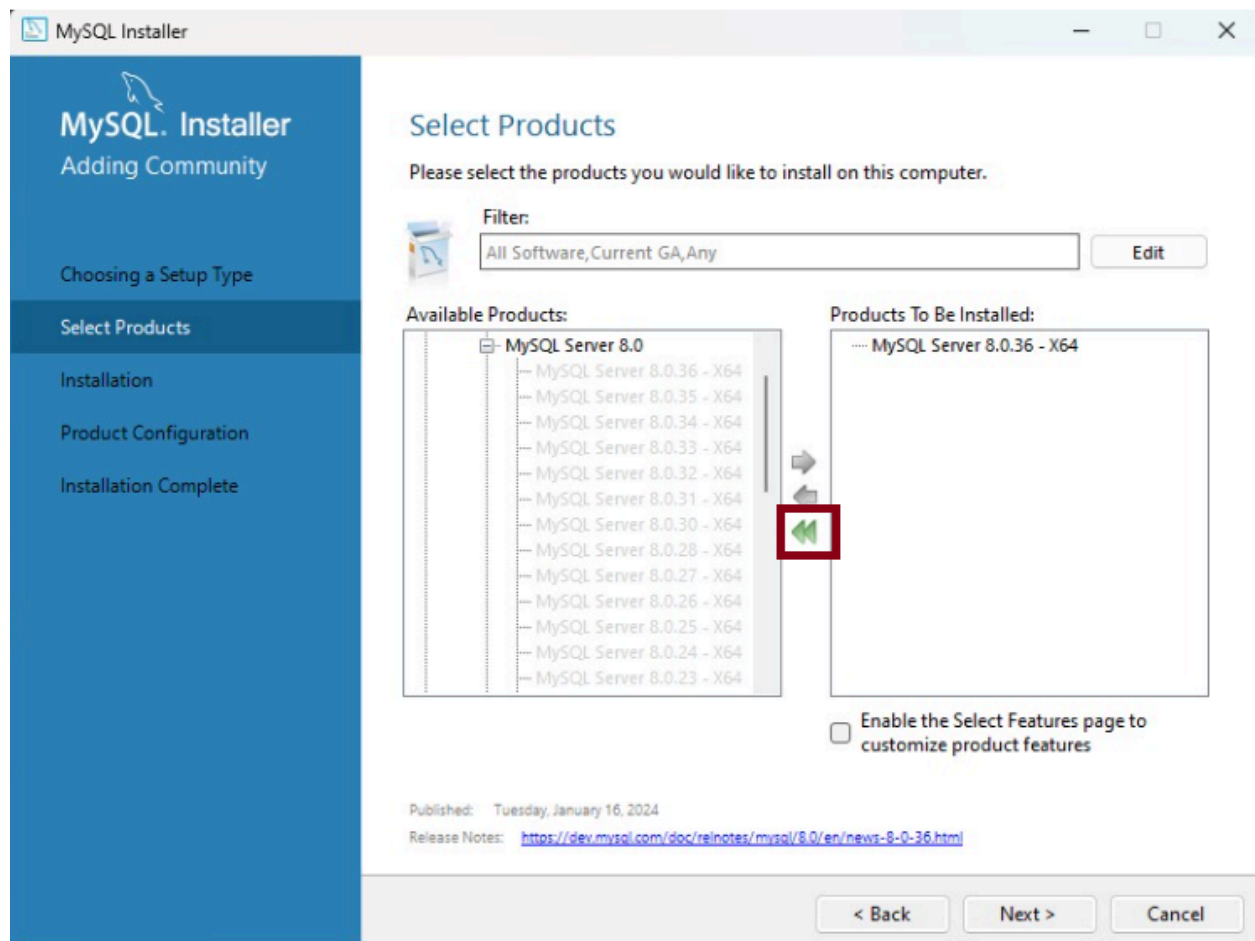

Step 5:

Here you have to click on + Sign

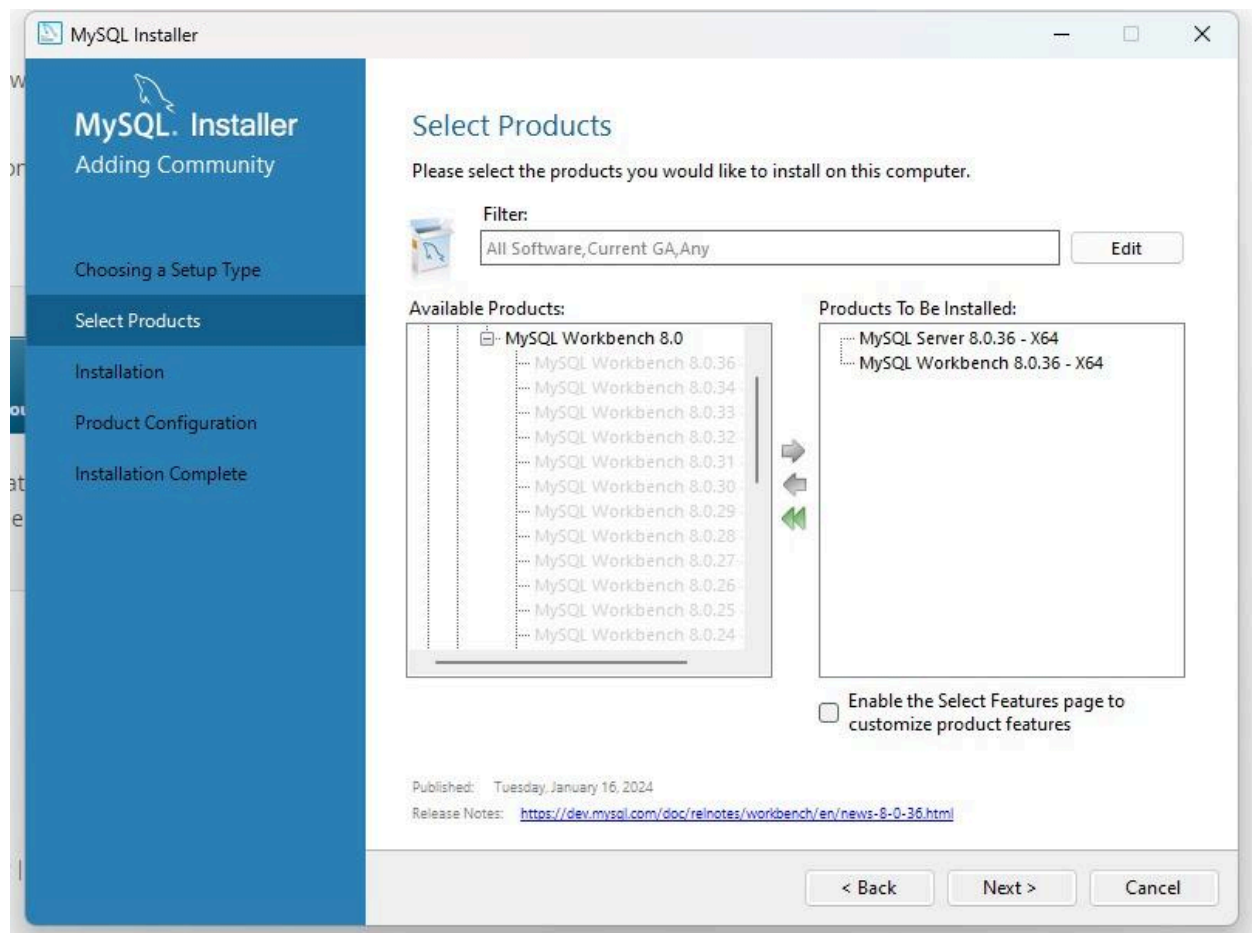

Step 6:

Click the "Right Green Arrow"

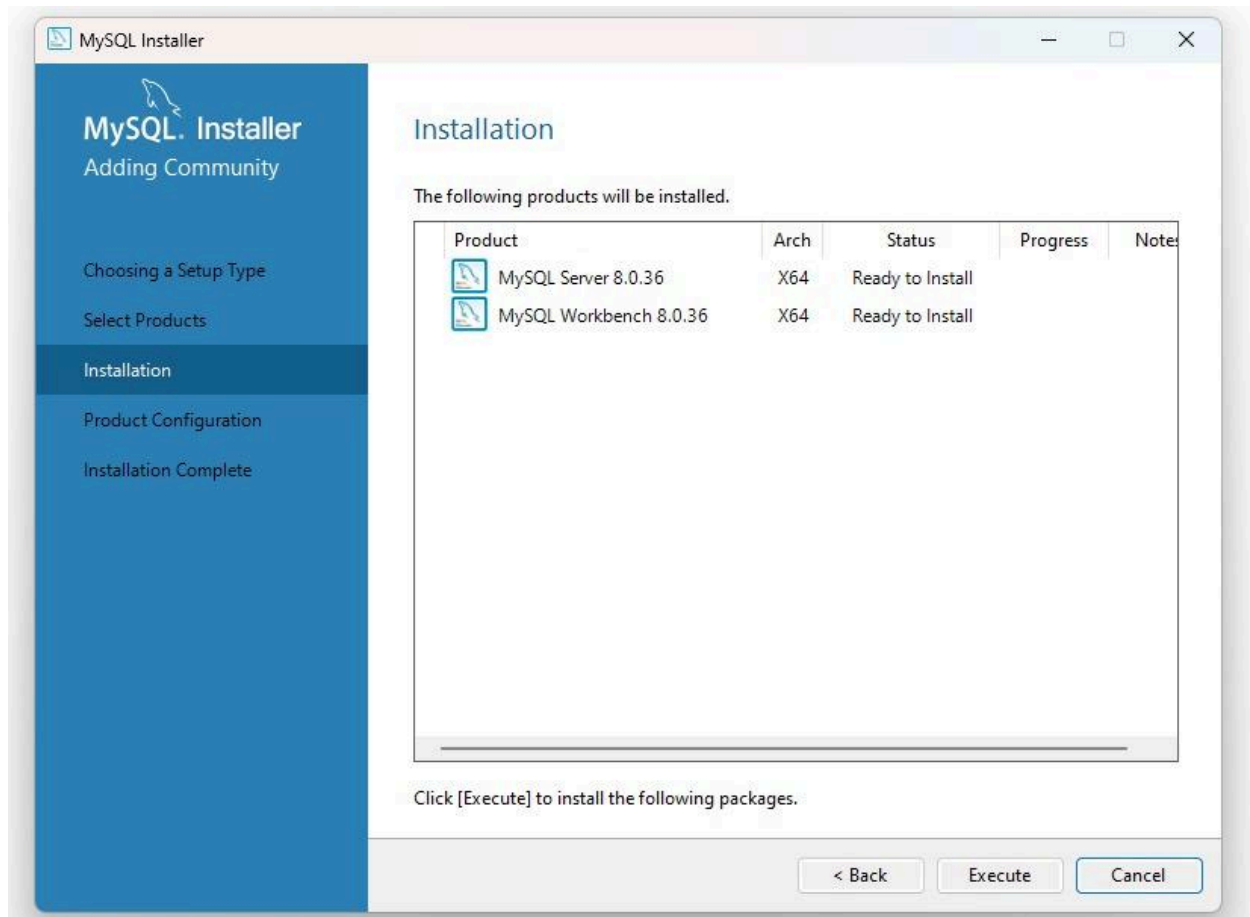

Step 7:

Click Next

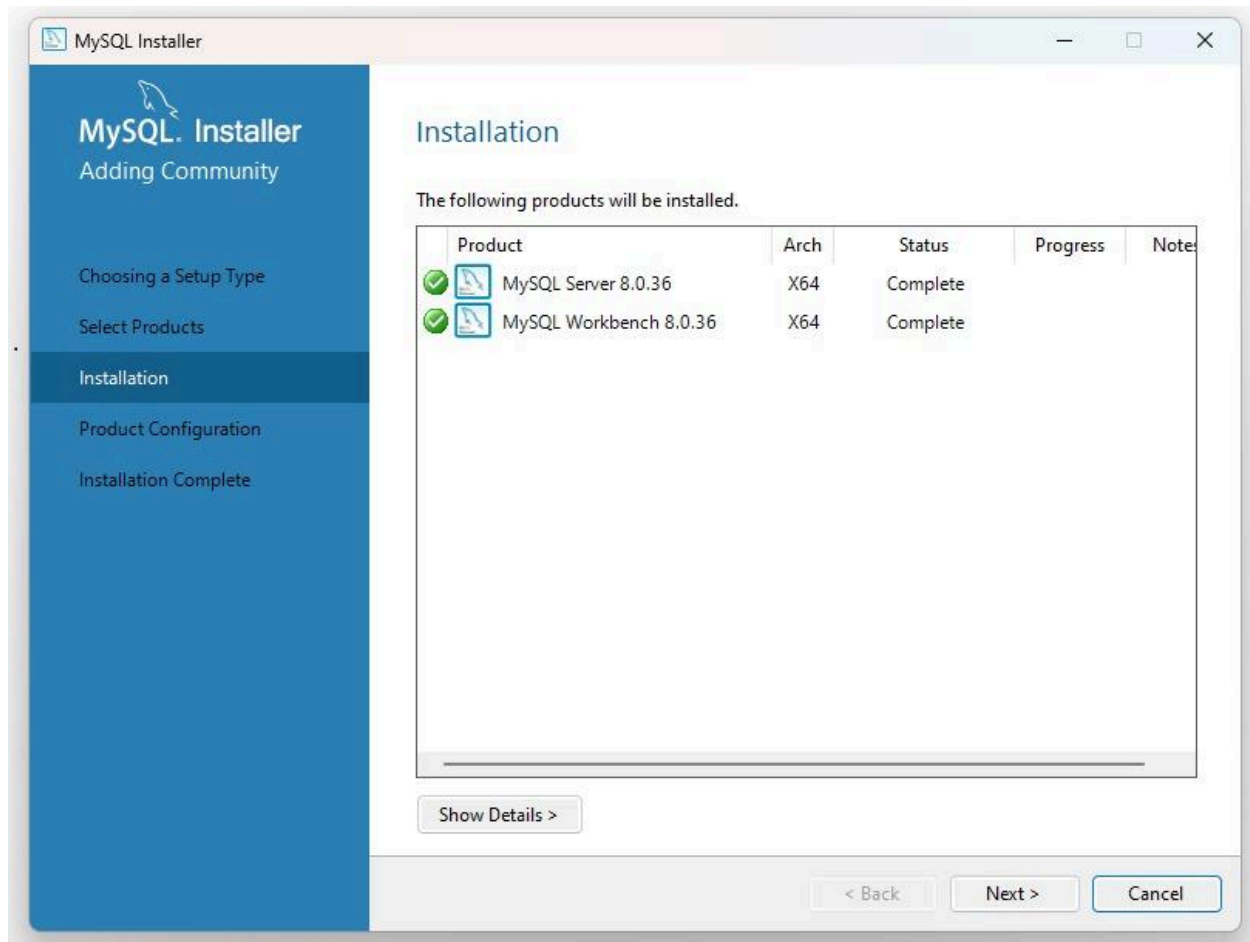

Step 8:

Click Execute

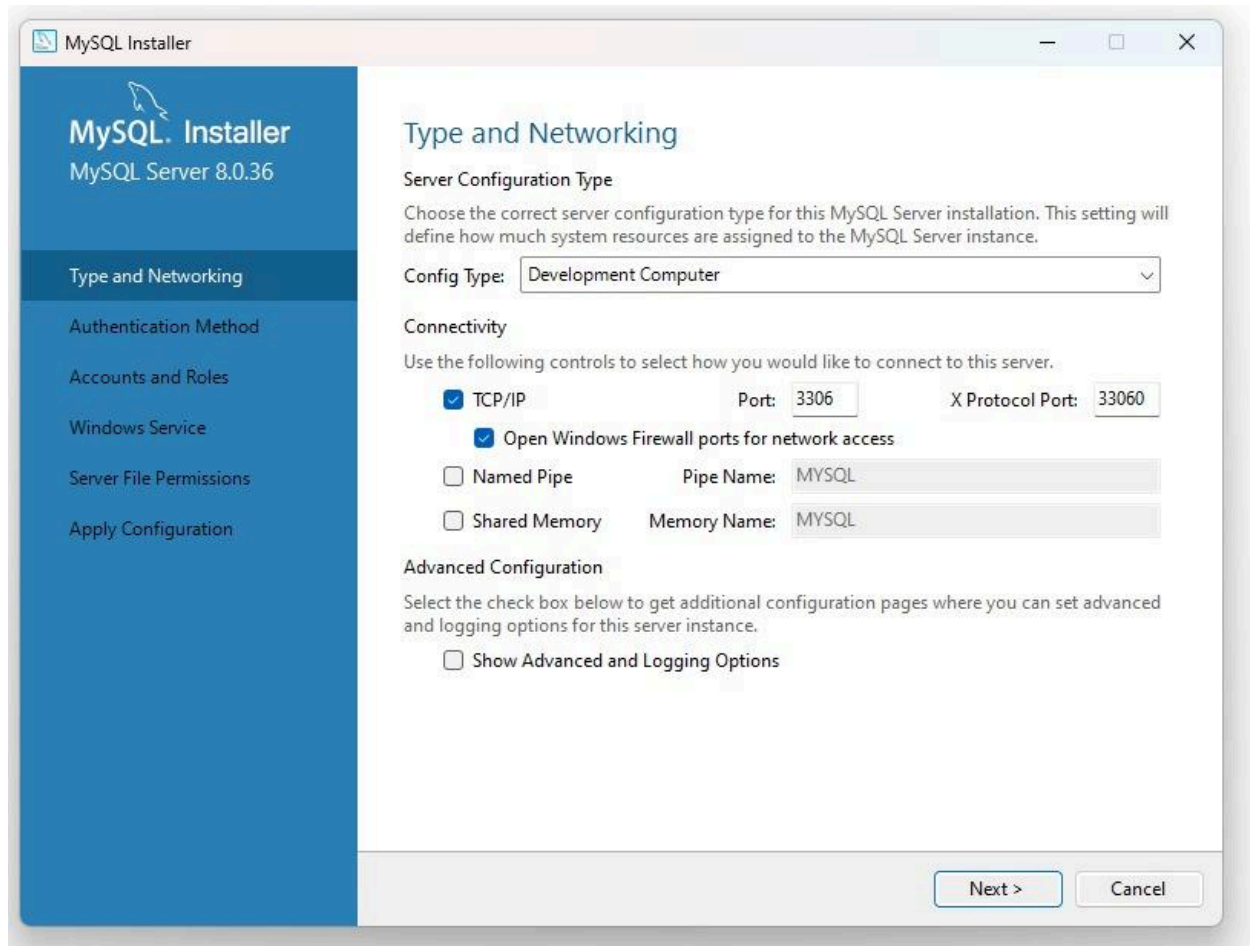

Step 9:

Click Next

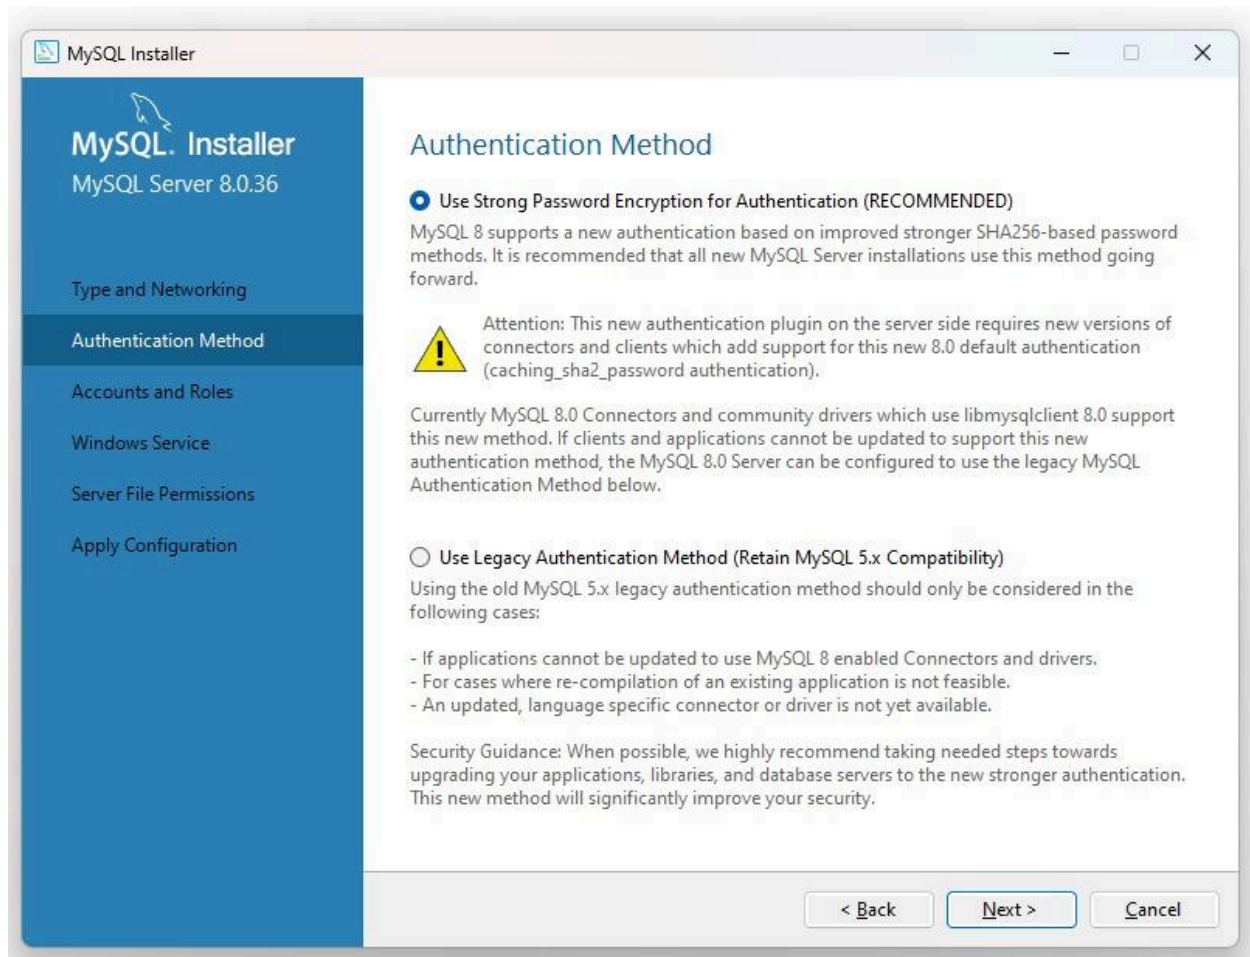

Step 10:

Click Next

Step 11:

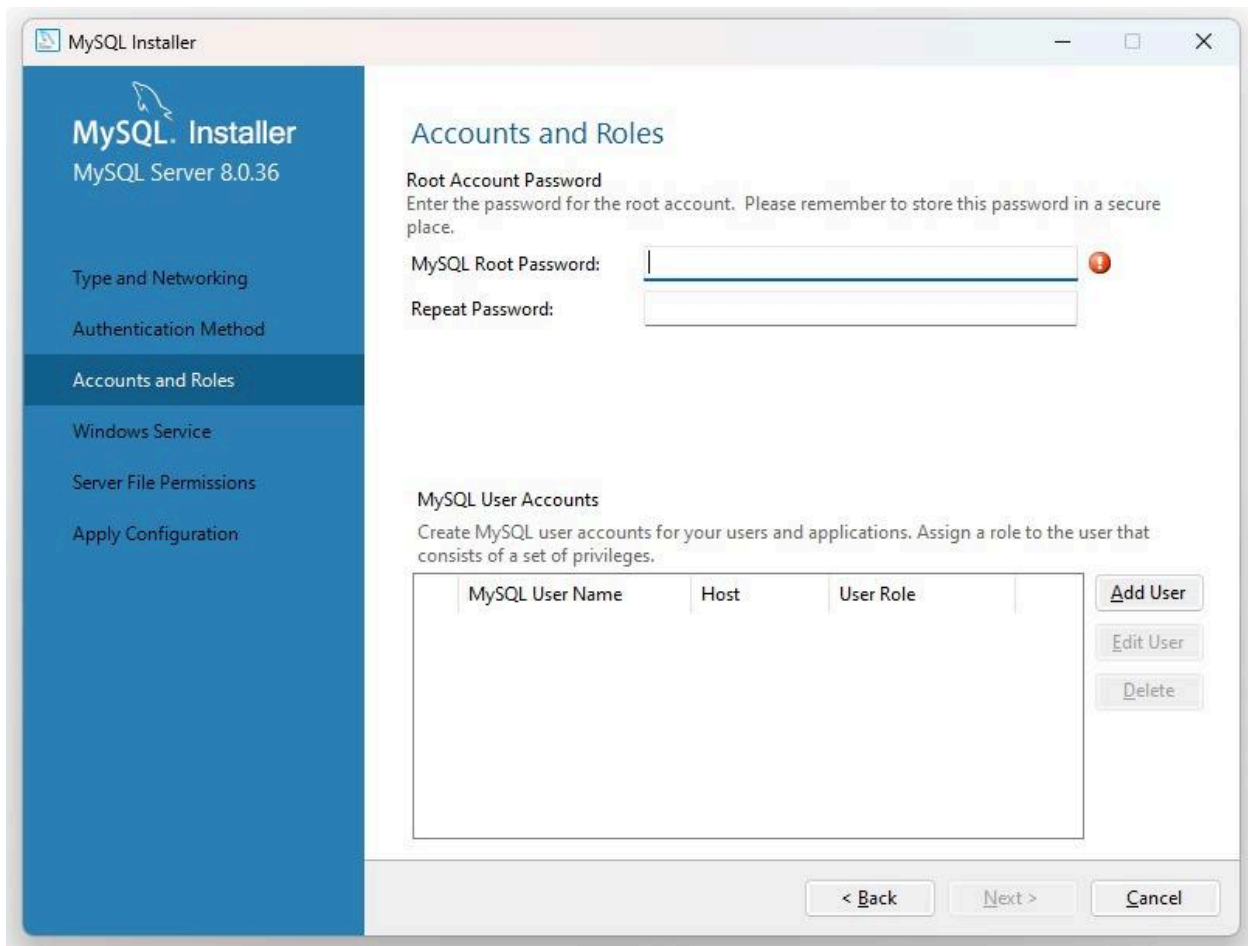

Click Next

Step 12:

Enter Root Password: 12345678

Repeat Password: 12345678
Click Next

The image shows the 'MySQL Installer' window for 'MySQL Server 8.0.36'. The left sidebar contains a list of steps: 'Type and Networking', 'Authentication Method', 'Accounts and Roles' (which is highlighted), 'Windows Service', 'Server File Permissions', and 'Apply Configuration'. The main area is titled 'Accounts and Roles' and contains two sections. The first section, 'Root Account Password', prompts the user to 'Enter the password for the root account. Please remember to store this password in a secure place.' It includes two input fields: 'MySQL Root Password:' and 'Repeat Password:'. A red warning icon is visible next to the first password field. The second section, 'MySQL User Accounts', prompts the user to 'Create MySQL user accounts for your users and applications. Assign a role to the user that consists of a set of privileges.' Below this is a table with three columns: 'MySQL User Name', 'Host', and 'User Role'. To the right of the table are three buttons: 'Add User', 'Edit User', and 'Delete'. At the bottom of the window are three buttons: '< Back', 'Next >', and 'Cancel'.
